

COVID-19 PROVIDER QUESTIONNAIRE - PENNSYLVANIA - 11/17/2020 4:00 pm

Please advise members that the first point of contact should always be their primary care provider.

The Pennsylvania Dept. of Health recommends contacting your doctor if you feel you have symptoms. If you do not have a doctor call your local health department or 1-877-PA-HEALTH.

PROVIDER NAME	SCREENING		ARE YOU PERFORMING SAMPLE COLLECTIONS?				LAB TESTING				
Contact information?	Are you screening for the COVID-19 Test?	What is the screening process? (How should patients contact you?)	If no, what is your referral process?	If yes, which locations?	If yes, how many patients can be seen per day?	If yes, what are your instructions to patients for the specimen collections?	If yes, what are your instructions for referring physicians?	Are you able to perform the COVID-19 lab test?	How many tests can be performed each day?	What is the turn-around time once the sample has been received?	Do you have any specific instructions/restrictions we should convey to physicians/members?
Abington Hospital (Jefferson Health) - Montgomery County	Yes	If you or someone you know is experiencing symptoms of COVID-19 , you can use JeffConnect™ for a telehealth consult with a Jefferson doctor <i>anytime, anywhere</i> through your cell phone, tablet, or computer with a webcam.		Mobile testing sites are open at all major Jefferson locations from 8am-5pm.		Patients with Jefferson physician-ordered tests can either walk-up or drive up to the test site. Further instructions will be received once you reach the test site.

This is CHANGING sometimes HOURLY. The Lab is keeping up to date with the most current information. Testing for COVID-19 still remains limited and restricted by the DOH at the state level and is available on a limited basis from commercial labs.					
Bradford Regional Medical Center - McKean County	Yes	We are screening individuals entering our facility. If you have a fever (100.4 degrees F/38 degrees C or higher), cough, or shortness of breath, call your healthcare provider and explain your symptoms. They will instruct you on how to proceed. If your symptoms are severe, such as difficulty breathing/shortness of breath, pain/pressure in the chest, please call the emergency room in advance. They will give you instructions on how to get care without exposing other people to your illness.				For testing information, please call your healthcare provider. DO NOT COME TO THE EMERGENCY DEPARTMENT OR PHYSICIAN OFFICE PRACTICES. Communications have been sent to healthcare providers regarding testing guidelines. Healthcare providers will determine whether or not the individual needs to be tested. If the provider approves someone for testing, the provider (not the individual) will contact the Department of Health. Finally, the DOH will notify the individual if he or she should be tested and/or quarantined at home.					
Butler Memorial Hospital - Butler County	Yes	If you feel ill please call your primary care physician for further instruction. If you do not have a primary care physician please call: Butler Memorial Hospital 833-602-CARE (2273)		One Hospital Way Butler, PA 16001		Patients require medical evaluation and physician order.
