GEISINGER AND SAINT LUKE HOSPITALS ARE NOW OUT-OF- NETWORK PROVIDERS

Under the Performance Blue PPO Plan that became effective January 1, 2023 only Geisinger Jersey Shore and Geisinger Lewistown Hospital facilities remain in-network. All other Geisinger and St. Luke Hospital locations are NOT considered in-network facilities.

The Fund Office has concerns that notice of this network change may not have been communicated as fully as possible to participants who used Geisinger and Saint Luke facilities after January 1, so any claims incurred at these now out-of-network providers, from January 1, 2023 through March 15, 2023, will be processed at the in-network level of benefits.

Effective March 16, 2023, if you use these out-of-network facilities you will be responsible for up to \$1,600 individual / \$3,200 family annual deductibles, in addition to co-insurance expenses.
